Index to Volume 83

Subject Index

Acute abdomen
Acute right iliac fossa pain in acquired immunodeficiency: a comparison between patients with and without acquired immunodeficiency syndrome, 644

Adrenal
Adrenal ganglioneuroma, 263
Adrenalectomy for metastatic disease of the adrenal glands, 528
Bilateral recurrent phaeochromocytoma associated with a growth hormone-secreting pituitary tumour, 1132
Initial experience with endoscopic retroperitoneal adrenalectomy, 987
Laparoscopic adrenal surgery, 721

AIDS
Acute right iliac fossa pain in acquired immunodeficiency: a comparison between patients with and without acquired immune deficiency syndrome, 644
Importance of human immunodeficiency virus-associated lymphadenopathy and tuberculous lymphadenitis in patients undergoing lymph node biopsy in Zambia, 75

Ampulla
Division of the sphincter of Oddi for treatment of dysfunction associated with recurrent pancreatitis, 1205

Amputation

Amputation rates as a measure of vascular surgical results, 241
Skin from the amputated limb should not be wasted, 797

Anaesthesia

Randomized comparison of agents for caudal anaesthesia in anal surgery, 364
Rectus sheath bupivacaine analgesia after aortic surgery, 1558

Anal canal
Disruption of the internal anal sphincter can occur after transanal stapling, 1400
Double Y–V plasty for postsurgical anal stricture, 1599
Incidence of third-degree perineal tears in labour and outcome after primary repair, 218
Ischaemic nature of anal fissure, 63
Operative results of House advancement anoplasty, 1242
Prospective evaluation of dynamic contrast enhanced magnetic resonance imaging in the evaluation of fistula *in ano*, 1396
Randomized comparison of agents for caudal anaesthesia in anal surgery, 364
Randomized controlled trial of lateral internal sphincterotomy with haemorrhoidectomy, 380
Severe complications of perianal sepsis in patients with human immunodeficiency virus, 778
Tropical glyceryl trinitrate in the treatment of chronic anal fissure, 771
Use of glyceryl trinitrate ointment in the treatment of anal fissure, 776

Anastomosis
Anastomotic leakage and functional outcome after anterior resection of the rectum, 60
Complete prevention of impaired anastomotic healing in diabetic rats requires preoperative blood glucose control, 1717
Experimental oesophagogastric anastomosis: preliminary report of a new compression device that also fragments, 1616
Getting a grip: pinch *versus* scissors grip for small vascular anastomosis, 951

Anatomy
Anatomical basis of autonomic nerve-preserving total mesorectal excision for rectal cancer, 384

Aneurysm
A 4-year prospective audit of the cause of death after infrarenal aortic aneurysm surgery, 1386
Antioxidant depletion during aortic aneurysm repair, 401
Endovascular repair of abdominal aortic aneurysm: an initial experience, 516
Late failure of endoluminal abdominal aortic aneurysm repair due to continued aneurysm expansion, 810
Morphological classification of abdominal aortic aneurysm in selection of patients for endovascular grafting, 949
Randomized controlled trial of the effect of mannitol on renal reperfusion injury during aortic aneurysm surgery, 1230
Side-effect of endovascular grafting to treat aortic aneurysm, 520
Thoracic and thoracoabdominal aortic aneurysm and dissection: an investigation based on autopsy, 68

Angioplasty
Blood flow in the lower limb after balloon angioplasty of the superficial femoral artery, 791
Percutaneous transluminal angioplasty of the internal carotid artery, 1171

Anorectal function
Ambulatory manometric examination in patients with a colonic J pouch and in normal controls, 1744
Anorectal angle enhances faecal continence, 53
Fast-to-slow muscle conversion by chronic electrostimulation: effects on mitochondrial respiratory chain function with possible implications for the gracilis neosphincter procedure, 1569
Nitric oxide and the rectoanal inhibitory reflex: retrograde neuronal tracing reveals a descending nitrergic rectoanal pathway in a guinea-pig model, 493
Physiological and clinical outcome of anterior sphincteroplasty, 502
Prospective randomized controlled study of clinical function and anorectal physiology after low anterior resection: comparison of straight and colonic J pouch anastomoses, 978
Total anorectal reconstruction results in complete anorectal sensory loss, 57

Antibiotic
Antibiotic prophylaxis in severe acute pancreatitis, 883
Randomized study of antibiotic prophylaxis for general and gynaecological surgery from a single centre in rural Africa, 356

Anticoagulation
Comparison of the cost of preventing postoperative deep vein thrombosis with either unfractionated or low molecular weight heparin, 1548

Anus
Aetiology and treatment of anal fissure, 1335
Anal transitional zone and columnar cuff in restorative proctocolectomy, 1047
Transposition of the anorectum to the abdominal wall, 1739

Aorta
A 4-year prospective audit of the cause of death after infrarenal aortic aneurysm surgery, 1386
Antioxidant depletion during aortic aneurysm repair, 401
Aortic prosthetic infection: 50 patients treated by radical or local surgery, 654
Diagnosis and therapy of aortic prosthetic fistulas: trends over a 30-year experience, 1729
Endovascular repair of abdominal aortic aneurysm: an initial experience, 516
Late failure of endoluminal abdominal aortic aneurysm repair due to continued aneurysm expansion, 810
Mid-aortic syndrome presenting in childhood, 235
Morphological classification of abdominal aortic aneurysm in selection of patients for endovascular grafting, 949
Randomized controlled trial of the effect of mannitol on renal reperfusion injury during aortic aneurysm surgery, 1230
Rectus sheath bupivacaine analgesia after aortic surgery, 1558
Side-effect of endovascular grafting to treat aortic aneurysm, 520
Thoracic and thoracoabdominal aortic aneurysm and dissection: an investigation based on autopsy, 68

Appendix
Acute right iliac fossa pain in acquired immunodeficiency: a comparison between patients with and without acquired immune deficiency syndrome, 644
Combination of skin temperature and a single white cell count does not improve diagnostic accuracy in acute appendicitis, 499
Duplicated vermiform appendix, 1259
Incidental appendicectomy for the long mobile appendix, 498
Laparoscopic appendicectomy, 1169
Residual appendicitis following incomplete laparoscopic appendicectomy, 217
The retrocaecal appendix appears to be less prone to infection, 223

Arterial – aortoiliac
Changing patterns in aortoiliac reconstruction: a 7-year audit, 1367
Iliac arteriovenous fistula following lumbar disc surgery treated by percutaneous endoluminal stent grafting, 796
Intraoperative pulse amplitude monitoring of distal perfusion after aortic cross-clamping, 1104

Arterial disease
Homocysteine: an independent risk factor for the failure of vascular intervention, 1238
Magnetic resonance imaging in the management of diabetic foot infection, 245
New graft design to inhibit myointimal hyperplasia in small vessel anastomoses, 1383

© 1996 Blackwell Science Ltd

Non-invasive assessment of arterial disease: a comparison of Quickscan with intra-arterial digital subtraction angiography, 231
Role of cimetidine in the prevention of intimal hyperplasia in rat carotid artery, 72
Vitamin D_3 exacerbates intimal hyperplasia in balloon-injured arteries, 1101

Arterial surgery
Changes in the management of critical limb ischaemia, 953
Changing patterns in aortoiliac reconstruction: a 7-year audit, 1367
Intra-arterial lignocaine in embolectomy, 244
Management cost of acute limb ischaemia, 1390
Rectus sheath bupivacaine analgesia after aortic surgery, 1558
Vein morphology and bypass graft stenosis, 1375

Artery – carotid
Carotid endarterectomy: an underutilized means of stroke prevention, 1373
Carotid endarterectomy without angiography, 1107
Colour-coded duplex assessment alone before carotid endarterectomy, 1234
Prospective study of carotid endarterectomy and contralateral carotid occlusion, 1370
Role of cimetidine in the prevention of intimal hyperplasia in rat carotid artery, 72
Surveillance imaging of the operated artery does not alter clinical outcome following carotid endarterectomy, 522

Artery – femoropopliteal
Blood flow in the lower limb after balloon angioplasty of the superficial femoral artery, 791
Colour-coded duplex imaging can safely replace diagnostic arteriography in patients with lower-limb arterial disease, 1725
Diagnosis of arterial disease of the lower extremities with duplex ultrasonography, 404
Effect of flow on the resistance of modelled femoral artery stenoses, 957
Pedal bypass for limb-threatening ischaemia: an 11-year review, 1554
Prospective randomized study of a new method of providing postoperative pain relief following femoropopliteal bypass, 1735

Artery – other
Management options in vertebral artery injuries, 83

Ascites
Malignant ascites, 6

Atheroma
Percutaneous transluminal angioplasty of the internal carotid artery, 1171
Ultrasonographic carotid plaque morphology in predicting stroke risk, 582

Audit
An evaluation of the POSSUM surgical scoring system, 812
Audit of general practitioner referrals to a surgical assessment unit: new methods to improve the efficiency of the acute surgical service, 1544
Changes in the management of critical limb ischaemia, 953
Changing patterns in aortoiliac reconstruction: a 7-year audit, 1367
Incidence and nature of bile duct injuries following laparoscopic cholecystectomy: an audit of 5913 cases, 1356
Preoperative risk assessment in elective general surgery, 1788
Prospective audit of discharge summary errors, 788

Bacteria
Coagulation and fibrinolytic responses of human peritoneal fluid and plasma to bacterial peritonitis, 1133

Bile
Intestinal barrier dysfunction in clinical and experimental obstructive jaundice and its reversal by internal biliary drainage, 1345

Bile duct
Angled metal cholangiography cannula for laparoscopic cholecystectomy, 1441
Biliary papillomatosis, 1715
Cholangiocarcinoma in patients with opisthorchiasis, 1062
Choledochal cysts – differences in children and adults, 186
Endoscopic drainage aborts endotoxaemia in acute cholangitis, 181
Influence of cholecystectomy on bile duct width, 1706
Intravenous cholangiography reduces the need for endoscopic retrograde cholangiopancreatography before laparoscopic cholecystectomy, 335
Intravenous infusion cholangiography for investigation of the bile duct: a direct comparison with endoscopic retrograde cholangiopancreatography, 755
Laparoscopic common bile duct exploration: evolution of a new technique, 341
Outcome of treatment for distal bile duct cancer, 1712
Value of routine intraoperative cholangiography in detecting aberrant bile ducts and bile duct injuries during laparoscopic cholecystectomy, 171

Biopsy
Image-guided core biopsy in patients with breast disease, 1415
Intraoperative fine-needle aspiration cytology of abdominal lesions – a safe alternative to surgical biopsy, 272
Randomized comparison of sitting and prone positions for stereotactic fine-needle aspiration breast biopsy, 1252

Blood
Time-dependent histamine release from stored human blood products, 259

Blood flow
Effect of flow on the resistance of modelled femoral artery stenoses, 957

Blood transfusion
A randomized controlled study of the effect of bedside leucocyte depletion on the immunosuppressive effects of whole blood transfusion in patients undergoing elective colorectal surgery, 973
Predeposit autologous blood transfusion in a tropical surgical practice, 1158
'Soup ladle' autotransfusion, 104
Time-dependent histamine release from stored human blood products, 259

Breast
Conservative management of fibroadenoma of the breast, 992
Magnetic resonance mammography, 1316
Role of cytokines and growth factors in promoting the local recurrence of breast cancer, 313

Breast – benign
Assessment of the acceptability of conservative management of fibroadenoma of the breast, 264
Conservative management of fibroadenoma of the breast, 992
Conservative management of infective mastitis and breast abscesses after ultrasonographic assessment, 1413
Cyclosporin A and multiple fibroadenomas of the breast, 1755

Breast – inflammatory
Periductal mastitis and ductal ectasia: different conditions with different actiologies, 820

Breast – malignant
Altered lymphatic drainage after lymphadenectomy or radiotherapy of the axilla in patients with breast cancer, 1258
Anatomical basis of intra-arterial chemotherapy for patients with locally advanced breast cancer, 1128
Breast conservation or mastectomy: treatment choice of women aged 70 years and older, 994
Cell kinetics *in vivo* of human breast cancer, 98
Diagnostic role of cytology in screen-detected breast cancer, 816
Factors affecting outcome of patients with impalpable breast cancer detected by breast screening, 997
Image-guided core biopsy in patients with breast disease, 1415
Laparoscopic oöphorectomy: description and report of an initial series, 986
Local recurrence after breast-conserving surgery for breast cancer, 149
Management of premenopausal women with primary breast cancer, 1256
Randomized comparison of sitting and prone positions for stereotactic fine-needle aspiration breast biopsy, 1252
Role of cytokines and growth factors in promoting the local recurrence of breast cancer, 313

Breast – screening
Magnetic resonance mammography, 1316

Breast – surgery
Local recurrence after breast-conserving surgery for breast cancer, 149
Ultrasonographically guided excisional biopsy of non-palpable breast lesions, 103

Breast – tumour
Endocrine and paracrine hormones in the promotion, progression and recurrence of breast cancer, 1037

Calcium
Early postoperative plasma calcium concentration as a predictor of the need for calcium supplement after parathyroidectomy, 532

Carotid
Percutaneous transluminal angioplasty of the internal carotid artery, 1171
Ultrasonographic carotid plaque morphology in predicting stroke risk, 582

Cell
Adhesion molecules as determinants of disease: from molecular biology to surgical research, 588
Prognostic value of monolayer culture patterning in primary cell culture of oesophageal cancer, 1148

Cell kinetics
Adhesion molecules as determinants of disease: from molecular biology to surgical

research, 588
Cell kinetics *in vivo* of human breast cancer, 98
Cell proliferation kinetics are abnormal in transitional mucosa adjacent to colorectal carcinoma, 36
Colorectal cell kinetics, 739

Chemotherapy
Adjuvant oral chemotherapy to prevent recurrence after curative resection for hepatocellular carcinoma, 336
Response to regional chemotherapy in patients with variant hepatic arterial anatomy, 652
Synergistic antitumour effect of recombinant human tumour necrosis factor α with melphalan in isolated perfusion in the rat, 551
Thirty-five years of isolated limb perfusion for melanoma: indications and results, 1319

Collagen
Reduced collagen accumulation after major surgery, 1591

Colon – cancer
Molecular genetic basis of colorectal cancer susceptibility, 321
Vitamin D_3 analogue (EB 1089) inhibits *in vitro* cellular proliferation of human colon cancer cells, 229

Colon – inflammatory
Low malignant potential of the double-stapled ileal pouch–anal anastomosis, 1406

Colon – malignant
Arterial therapy of hepatic colorectal metastases, 447
Low malignant potential of the double-stapled ileal pouch–anal anastomosis, 1406
Prospective study of microscopic lymph node involvement of the hepatic pedicle during curative hepatectomy for colorectal metastases, 942

Colon – miscellaneous
Antegrade colonic enemas, 642
Role of segmental colonic transit time studies to select patients with slow transit constipation for partial left-sided or subtotal colectomy, 648

Colon – surgery
Can we safely delay or avoid prophylactic colectomy in familial adenomatous polyposis?, 769
Colonic decompression without on-table irrigation for obstructing left-sided colorectal tumours, 786
Ileocaecostomy: an alternative surgical procedure for antegrade colonic enema, 507
Laser Doppler blood flow measurement in rectal resection for carcinoma – comparison between the straight and colonic J pouch reconstruction, 389
Long-term outcome following curative surgery for malignant large bowel obstruction, 46
Prospective study of hand-sutured anastomosis after colorectal resection, 29
Results after restorative proctocolectomy and ileal pouch–anal anastomosis in patients with familial adenomatous polyposis and coexisting colorectal cancer, 1578
Role of segmental colonic transit time studies to select patients with slow transit constipation for partial left-sided or subtotal colectomy, 648

Colon – tumour
A randomized controlled study of the effect of bedside leucocyte depletion on the immunosuppressive effects of whole blood transfusion in patients undergoing elective colorectal surgery, 973
Cell proliferation kinetics are abnormal in transitional mucosa adjacent to colorectal carcinoma, 36
Colonic decompression without on-table irrigation for obstructing left-sided colorectal tumours, 786
Growth enhancement of implanted human colorectal cancer cells by the addition of fibroblasts *in vivo*, 24
Long-term outcome following curative surgery for malignant large bowel obstruction, 46
p53 Mutations in primary colorectal adenocarcinomas and liver metastases, 1245
Prognostic value of negative intraoperative ultrasonography in primary colorectal cancer, 1741
Results after restorative proctocolectomy and ileal pouch–anal anastomosis in patients with familial adenomatous polyposis and coexisting colorectal cancer, 1578
Screening for colorectal cancer with an immunological faecal occult blood test: 2-year follow-up, 500
Two cases of solitary metastases from carcinoma of the lung presenting as primary colonic tumours, 647

Coloproctology
Choice of prophylactic surgery for the large bowel component of familial adenomatous polyposis, 885
Colonic pouches in the treatment of low rectal cancer, 881
Colorectal cell kinetics, 739
Stapling instruments for intestinal anastomosis in colorectal surgery, 902
Transposition of the anorectum to the abdominal wall, 1739

CT scan
Early localization of necrosis by contrast-enhanced computed tomography can predict outcome in severe acute pancreatitis, 924

Cyst
Choledochal cysts – differences in children and adults, 186

Cytokines
Proinflammatory cytokine release by peripheral blood mononuclear cells from patients with acute pancreatitis, 1071
Removal of circulating cytokines by continuous haemofiltration in patients with systemic inflammatory reponse syndrome or multiple organ dysfunction syndrome, 393
Sequential systemic platelet-activating factor and interleukin 8 primes neutrophils in patients with trauma at risk of multiple organ failure, 1407

Cytology
Brush cytology for the diagnosis of rectal carcinoma, 1456
Intraoperative fine-needle aspiration cytology of abdominal lesions - a safe alternative to surgical biopsy, 272
Prognostic value of positive cytology findings from abdominal washings in patients with gastric cancer, 672

Day-case surgery
Day-case laparoscopic hernia repair, 1361
Exclusion from day surgery: a 1-year clinical audit, 1384
The changing pattern of surgery, 145

Diabetes
Complete prevention of impaired anastomotic healing in diabetic rats requires preoperative blood glucose control, 1717
Magnetic resonance imaging in the management of diabetic foot infection, 245

Diaphragm
Diaphragmatic herniation after penetrating trauma, 88

Diathermy
Chemical composition and potential hazards of electrocautery smoke, 1792

Diverticulum
Functional and morphological study of the cricopharyngeal muscle in patients with Zenker's diverticulum, 1263

Drains
Use of a laparoscopic trocar for percutaneous introduction of drains into intra-abdominal abscesses, 670

Duodenum
Overexpression of p53 in duodenal tumours in patients with familial adenomatous polyposis, 225
Pancreatitis in childhood associated with villous adenoma of the ampulla of Vater, 1211

Endocrine
Endocrine and paracrine hormones in the promotion, 1037

Endoscopy – lower GI
Multicentre study of surgical complications of colonoscopy, 42
Role of the nurse endoscopist in colorectal practice, 1399
Transanal endoscopic microsurgery – initial experience from three centres in the United Kingdom, 207

Endoscopy – upper GI
Endoscopic perforation in unsedated patients undergoing endoscopy, 845
Role of endoscopic injection therapy in the treatment of bleeding peptic ulcer, 461

Endothelium
Glyceryl trinitrate prevents neutrophil activation but not thromboxane release following ischaemia–reperfusion injury, 1095
Role of neutrophil–endothelial adhesion in skeletal muscle reperfusion injury, 251

Endotoxin
Endoscopic drainage aborts endotoxaemia in acute cholangitis, 181

Experimental
Alterations in intestinal function in acute pancreatitis in an experimental model, 1537
Angiogenesis inhibitor TNP-470 prevents implanted liver metastases after partial hepatectomy in an experimental model without impairing wound healing, 1444
Experimental oesophagogastric anastomosis: preliminary report of a new compression device that also fragments, 1616
Hepatic bile acid synthesis and DNA synthetic rate after partial hepatectomy, 482
Small intestinal myoelectrical activity and bacterial flora after Roux-en-Y reconstruction, 1271
Vitamin $_3$ analogue (EB 1089) inhibits *in vitro* cellular proliferation of human colon cancer cells, 229
Wound metastases following laparoscopic and open surgery for abdominal cancer in a rat model, 1087

Fissure
Aetiology and treatment of anal fissure, 1335
Ischaemic nature of anal fissure, 63

Use of glyceryl trinitrate ointment in the treatment of anal fissure, 776

Fistula
Diagnosis and therapy of aortic prosthetic fistulas: trends over a 30-year experience, 1729
Parallel self-expanding covered metal stents in the trachea and oesophagus for the palliation of complex high tracheo-oesophageal fistula, 1767
Pouch-related fistula following restorative proctocolectomy, 1574
Prospective evaluation of dynamic contrast enhanced magnetic resonance imaging in the evaluation of fistula *in ano*, 1396
Randomized trial of fibrin tissue glue for low output enterocutaneous fistula, 112
Tropical glyceryl trinitrate in the treatment of chronic anal fissure, 771
Use of covered expandable metal stents in the treatment of oesophageal carcinoma and tracheo-oesophageal fistula, 1417

Foreign body
Percutaneous removal of a bullet' from the liver, 180

Gallbladder – surgery
Cholangiography and laparoscopic cholecystectomy, 724
Hepatobiliary anatomy in patients with transposition of the gallbladder: implications for safe laparoscopic cholecystectomy, 1442
Incidence and nature of bile duct injuries following laparoscopic cholecystectomy: an audit of 5913 cases, 1356
Influence of cholecystectomy on bile duct width, 1706
Laparoscopic cholecystectomy in a patient receiving continuous ambulatory peritoneal dialysis, 1543
Laparoscopic ultrasonography during cholecystectomy, 1512
Pulmonary function after laparoscopic cholecystectomy in the elderly, 1059
Randomized comparison of the neuroendocrine response to laparoscopic cholecystectomy using either conventional or abdominal wall lift techniques, 1532
Randomized comparison of pulmonary function after the 'French' and 'American' techniques of laparoscopic cholecystectomy, 938
Randomized trial of periportal peritoneal bupivacaine for pain relief after laparoscopic cholecystectomy, 1223
Routine preoperative infusion cholangiography at elective cholectystectomy: a prospective study in 694 patients, 750
Value of routine intraoperative cholangiography in detecting aberrant bile ducts and bile duct injuries during laparoscopic cholecystectomy, 171

Gallbladder – tumour
Intrahepatic segment III cholangiojejunostomy in advanced carcinoma of the gallbladder, 1709
Radical surgery for advanced gallbladder carcinoma, 478

Gallstones
Cholangiography and laparoscopic cholecystectomy, 724
Effect of a low-fat, low-protein, high-carbohydrate diet on gallstone formation in the hamster, 125
Laparoscopic common bile duct exploration: evolution of a new technique, 341

Gastric
Prognostic significance and surgical management of lymph node metastasis in gastric cancer, 156
Radical lymphadenectomy in the management of early gastric cancer, 1421
Strategies to decrease the incidence of intra-abdominal recurrence in resectable gastric cancer, 726

Gastroenterology
Prospective randomized study of sulindac *versus* calcium and calciferol for upper gastrointestinal polyps in familial adenomatous polyposis, 1763

Genetics
Desmoids in familial adenomatous polyposis, 1494
Molecular genetic basis of colorectal cancer susceptibility, 321
p53 Mutations in primary colorectal adenocarcinomas and liver metastases, 1245

Geriatric
Audit of outcome of major surgery in the elderly, 92
Pulmonary function after laparoscopic cholecystectomy in the elderly, 1059
Surgical care in octogenarians, 1783

Glove
Randomized trial of blunt-tipped *versus* cutting needles to reduce glove puncture during mass closure of the abdomen, 1156

Graft
Aortic prosthetic infection: 50 patients treated by radical or local surgery, 654
Vein morphology and bypass graft stenosis, 1375

Growth factor
Growth enhancement of implanted human colorectal cancer cells by the addition of fibroblasts *in vivo*, 24

Haemorrhage
Risk of further ulcer complications after an episode of peptic ulcer bleeding, 840
Sengstaken tube for bleeding rectal angiodysplasia, 1111

Haemorrhoids
Randomized controlled trial of lateral internal sphincterotomy with haemorrhoidectomy, 380

Hamorrhage
Balloon tamponade for control of massive presacral haemorrhage, 222

Heart
Cardiac complications after hepatic resection, 1448
Thoracoscopic implantation of an epicardial pacemaker, 400

Hernia – femoral
Solitary caecal diverticulum strangulated in a femoral hernia, 1547

Hernia – inguinal
Day-case laparoscopic hernia repair, 1361
Laparoscopic inguinal hernia repair, 1197
Long-term results of giant prosthetic reinforcement of the visceral sac for complex recurrent inguinal hernia, 203
Postoperative thromboembolism after day-case herniorrhaphy, 420
Preliminary experience with butyl-2-cyanoacrylate adhesive in tension-free inguinal hernia repair, 1100
Prospective randomized trial comparing postoperative pain and return to physical activity after transabdominal preperitoneal, total preperitoneal or Shouldice technique for inguinal hernia repair, 1563
Role of the Shouldice technique in inguinal hernia repair: a systematic review of controlled trials and a meta-analysis, 734
Strengths and weaknesses of laparoscopic and open mesh inguinal hernia repair: a randomized controlled experimental study, 1463

Hernia – other
A 45-year perspective of congenital diaphragmatic hernia, 1758
Real and apparent mortality from congenital diaphragmatic hernia, 79

HIV
Severe complications of perianal sepsis in patients with human immunodeficiency virus, 778

Imaging
Intravenous cholangiography reduces the need for endoscopic retrograde cholangio-pancreatography before laparoscopic cholecystectomy, 335
Intravenous infusion cholangiography for investigation of the bile duct: a direct comparison with endoscopic retrograde cholangiopancreatography, 755
Magnetic resonance imaging in the management of diabetic foot infection, 245
Magnetic resonance mammography, 1316
Non-invasive assessment of arterial disease: a comparison of Quickscan with intra-arterial digital subtraction angiography, 231
Prospective evaluation of dynamic contrast enhanced magnetic resonance imaging in the evaluation of fistula *in ano*, 1396
Routine preoperative infusion cholangiography at elective cholectystectomy: a prospective study in 694 patients, 750

Immune system
A randomized controlled study of the effect of bedside leucocyte depletion on the immunosuppressive effects of whole blood transfusion in patients undergoing elective colorectal surgery, 973
Correlation between Acute Physiology and Chronic Health Evaluation (APACHE) III score and immunological parameters in critically ill patients with sepsis, 396
Cyclosporin A and multiple fibroadenomas of the breast, 1755
Fc-receptor function after human splenic autotransplantation, 543
Immune function early in acute pancreatitis, 633
Inhibition of neutrophil respiratory burst and cytokine priming by Γ-linoleic acid, 659
Peritoneal and systemic cytokine response to laparotomy, 347

Incontinence
Anorectal angle enhances faecal continence, 53
Physiological and clinical outcome of anterior sphincteroplasty, 502

Intensive care
Gut barrier function in the surgical patient, 1668
Prediction of the risk of death by APACHE II scoring in critically ill trauma patients without head injury, 1123

Intestinal obstruction
Intestinal obstruction in patients with advanced malignant disease, 1
Management of intestinal obstruction after gastrectomy for carcinoma, 113

Ischaemia
Bradykinin antagonists HOE-140 and CP-0597 diminish microcirculatory injury after

ischaemia–reperfusion of the pancreas in rats, 189
Changes in the management of critical limb ischaemia, 953
Experimental application of controlled limb reperfusion after incomplete ischaemia, 803
Glyceryl trinitrate prevents neutrophil activation but not thromboxane release following ischaemia–reperfusion injury, 1095
Management cost of acute limb ischaemia, 1390
Pedal bypass for limb-threatening ischaemia: an 11-year review, 1554
Rectal ischaemia following hypovolaemic shock, 508
Renal ischaemia–reperfusion injury, 162
Role of neutrophil–endothelial adhesion in skeletal muscle reperfusion injury, 251
Thoracic outlet syndromes, 435
Xanthine oxidase in critically ischaemic and claudicant limbs: profile of activity during early reperfusion, 798

Jaundice
Intestinal barrier dysfunction in clinical and experimental obstructive jaundice and its reversal by internal biliary drainage, 1345

Kidney
Randomized controlled trial of the effect of mannitol on renal reperfusion injury during aortic aneurysm surgery, 1230

Laparoscopy
Accuracy of laparoscopic ultrasonography in the staging of upper gastrointestinal malignancy, 1424
Angled metal cholangiography cannula for laparoscopic cholecystectomy, 1441
Assessment of splanchnic tissue oxygenation by gastric tonometry in patients undergoing laparoscopic and open cholecystectomy, 620
Cholangiography and laparoscopic cholecystectomy, 724
Day-case laparoscopic hernia repair, 1361
Hepatobiliary anatomy in patients with transposition of the gallbladder: implications for safe laparoscopic cholecystectomy, 1442
Incidence and nature of bile duct injuries following laparoscopic cholecystectomy: an audit of 5913 cases, 1356
Initial experience with endoscopic retroperitoneal adrenalectomy, 987
Laparoscopic adrenal surgery, 721
Laparoscopic appendicectomy, 1169
Laparoscopic cholecystectomy in a patient receiving continuous ambulatory peritoneal dialysis, 1543
Laparoscopic common bile duct exploration: evolution of a new technique, 341
Laparoscopic fenestration in polycystic liver disease, 1696
Laparoscopic inguinal hernia repair, 1197
Laparoscopic mobilization of the stomach for oesophageal replacement, 540
Laparoscopic oöphorectomy: description and report of an initial series, 986
Laparoscopic resection of solid liver tumours, 334
Laparoscopic surgery for duodenal ulcer: first results of a multicentre study applying a personal procedure, 547
Laparoscopic surgery for gastro-oesophageal reflux: beyond the learning curve, 1284
Laparotomy for abdominal sepsis in the critically ill, 535
Port-site metastases following diagnostic laparoscopy, 1793
Port-site metastases in patients undergoing laparoscopy for gastrointestinal malignancy, 1419
Prospective comparison of laparoscopy, 1260
Pulmonary function after laparoscopic cholecystectomy in the elderly, 1059
Randomized comparison of the neuroendocrine response to laparoscopic cholecystectomy using either conventional or abdominal wall lift techniques, 1532
Randomized comparison of pulmonary function after the 'French' and 'American' techniques of laparoscopic cholecystectomy, 938
Randomized trial of periportal peritoneal bupivacaine for pain relief after laparoscopic cholecystectomy, 1223
Strengths and weaknesses of laparoscopic and open mesh inguinal hernia repair: a randomized controlled experimental study, 1463
Technique for full-thickness muscle closure of laparoscopic port sites, 383
Technique of laparoscopic splenectomy with a powered vascular linear stapler, 1212
Use of a laparoscopic trocar for percutaneous introduction of drains into intra-abdominal abscesses, 670
Value of routine intraoperative cholangiography in detecting aberrant bile ducts and bile duct injuries during laparoscopic cholecystectomy, 171

Laparotomy
Peritoneal and systemic cytokine response to laparotomy, 347

Liver
Cardiac complications after hepatic resection, 1448
Spontaneous rupture of hepatocellular carcinoma, 602

Liver – congenital
Laparoscopic fenestration in polycystic liver disease, 1696

Liver – inflammatory
Changing management of pyogenic liver abscess, 1215

Liver – miscellaneous
Percutaneous removal of a 'bullet' from the liver, 180

Liver – resection
Hepatic bile acid synthesis and DNA synthetic rate after partial hepatectomy, 482
Repeated liver resection for recurrent liver cancer, 893

Liver – surgery
Complete resection of the caudate lobe of the liver: technique and results, 1076
Effects and limitations of prolonged intermittent ischaemia for hepatic resection of the cirrhotic liver, 121
Hepatectomy with an ultrasonic dissector for hepatocellular carcinoma, 117
Laparoscopic resection of solid liver tumours, 334
Management of hepatic duct injury during hemihepatic vascular occlusion, 185
One hundred and fifty hepatic resections: evolution of technique towards bloodless surgery, 1526
Re-construction of a single remnant hepatic vein, 762
Reconstruction of a new inferior vena cava after right atrial disruption during recipient hepatectomy, 354
Recurrence of hepatocellular carcinoma after surgery, 1219
Reduced hepatic acute-phase response after simultaneous resection for gastrointestinal cancer with synchronous liver metastases, 1002
Resection of hepatocellular carcinoma in patients with cirrhosis, 758
Technique of hepatectomy, 1490

Liver – tumour
A Western surgical experience of peripheral cholangiocarcinoma, 1517
Adjuvant oral chemotherapy to prevent recurrence after curative resection for hepatocellular carcinoma, 336
Angiogenesis inhibitor TNP-470 prevents implanted liver metastases after partial hepatectomy in an experimental model without impairing wound healing, 1444
Long-term outcome after surgery for asymptomatic small hepatocellular carcinoma, 330
Management and follow-up of 78 giant haemangiomas of the liver, 915
Recurrence of hepatocellular carcinoma after surgery, 1219
Reduced hepatic acute-phase response after simultaneous resection for gastrointestinal cancer with synchronous liver metastases, 1002
Repeat hepatectomy for recurrent hepatocellular carcinoma, 127
Repeated liver resection for recurrent liver cancer, 893
Resection of hepatocellular carcinoma in patients with cirrhosis, 758
Response to regional chemotherapy in patients with variant hepatic arterial anatomy, 652
Spontaneous rupture of hepatocellular carcinoma, 602
Surgery for biliary obstruction by tumour thrombus in primary liver cancer, 1522

Lung
Two cases of solitary metastases from carcinoma of the lung presenting as primary colonic tumours, 647

Lymph node
Importance of human immunodeficiency virus-associated lymphadenopathy and tuberculous lymphadenitis in patients undergoing lymph node biopsy in Zambia, 75
Peritoneal defences and peritoneum-associated lymphoid tissue, 1031
Prognostic significance of lymph node metastasis in advanced carcinoma of the stomach, 1600

Lymph system – surgery
Radical lymphadenectomy in the management of early gastric cancer, 1421
Inhibition of neutrophil respiratory burst and cytokine priming by Γ-linoleic acid, 659
Peritoneal defences and peritoneum-associated lymphoid tissue, 1031

Lymphocyte
Inhibition of neutrophil respiratory burst and cytokine priming by Γ-linoleic acid, 659
Peritoneal defences and peritoneum-associated lymphoid tissue, 1031

Management
Abdominal wounds in war, 1505
Aetiology and treatment of anal fissure, 1335
Choice of prophylactic surgery for the large bowel component of familial adenomatous polyposis, 885
Conjoined twins, 1028
Conservative management of fibroadenoma of the breast, 992
Management of soft tissue sarcoma, 577
Proximal pancreatoduodenectomy for chronic pancreatitis, 1433
Renal transplantation from non-heart-beating donors, 147
Role of the nurse endoscopist in colorectal

practice, 1399
Strategies to decrease the incidence of intra-abdominal recurrence in resectable gastric cancer, 726
Surgical management of gastro-oesophageal reflux disease, 1313
Surgical management of locally recurrent rectal cancer, 293
Treatment of non-disseminated cancer of the lower rectum, 15
Vascular complications of injecting drug misuse, 1329

Melanoma
Thirty-five years of isolated limb perfusion for melanoma: indications and results, 1319
Use of the carbon dioxide laser to manage cutaneous metastases from malignant melanoma, 509

Metabolism
Effects of vertical-banded gastroplasty on bone and mineral metabolism in obese patients, 1468
Elimination of fat emulsion particles from plasma during glucose infusion, 946
Sepsis and fat metabolism, 1186

Metastasis
Arterial therapy of hepatic colorectal metastases, 447
E-cadherin and its associated protein catenins, 437
Port-site metastases following diagnostic laparoscopy, 1793
Port-site metastases in patients undergoing laparoscopy for gastrointestinal malignancy, 1419
Prognostic significance and surgical management of lymph node metastasis in gastric cancer, 156
Prognostic value of negative intraoperative ultrasonography in primary colorectal cancer, 1741
Wound metastases following laparoscopic and open surgery for abdominal cancer in a rat model, 1087

Metastasis – liver
Prospective study of microscopic lymph node involvement of the hepatic pedicle during curative hepatectomy for colorectal metastases, 942

Metastasis – lymph
Prospective study of microscopic lymph node involvement of the hepatic pedicle during curative hepatectomy for colorectal metastases, 942

Muscle
Effect of transcutaneous electrical muscle stimulation on postoperative muscle mass and protein synthesis, 360
Fast-to-slow muscle conversion by chronic electrostimulation: effects on mitochondrial respiratory chain function with possible implications for the gracilis neosphincter procedure, 1569

Neoplasm
Desmoids in familial adenomatous polyposis, 1494
E-cadherin and its associated protein catenins, cancer invasion and metastasis, 437
Intestinal obstruction in patients with advanced malignant disease, 1
Malignant ascites, 6
Nutritional pharmacology and malignant disease: a therapeutic modality in patients with cancer, 608
Papillary microcarcinoma of the thyroid gland, 1674

Nutrition
Effect of transcutaneous electrical muscle stimulation on postoperative muscle mass and protein synthesis, 360
Ethical implications of recognizing nutritional support as a medical therapy, 1567
Glutamine, 305
Impaired gut barrier function in malnourished patients, 1288
Nutritional pharmacology and malignant disease: a therapeutic modality in patients with cancer, 608

Nutrition – enteral
Laparoscopic feeding jejunostomy, 1090

Nutrition – parenteral
Anabolic and cardiovascular effects of recombinant human growth hormone in surgical patients with sepsis, 196
Cost–utility analysis of home parenteral nutrition, 1226
Glutamine, 305
Prolonged peripheral parenteral nutrition with an ultrafine cannula and low-osmolality feed, 114
Prospective study of the aetiology of infusion phlebitis and line failure during peripheral parenteral nutrition, 1091

Obesity
Effects of vertical-banded gastroplasty on bone and mineral metabolism in obese patients, 1468

Oesophagus – cancer
Plasminogen activators in oesophageal carcinoma, 1152
Risk factors for squamous cell carcinoma of the oesophagus, 1174

Oesophagus – congenital
Anatomy of the extrinsic motor nerve supply to mobilized segments of the oesophagus disrupted by dissection during repair of oesophageal atresia with distal fistula, 1268

Oesophagus – function
Functional and morphological study of the cricopharyngeal muscle in patients with Zenker's diverticulum, 1263
Oesophageal function testing and antireflux surgery, 1684
Upper oesophageal sphincter function during general anaesthesia, 1276

Oesophagus – inflammatory
Long-term results of a prospective randomized comparison of total fundic wrap (Nissen-Rossett) or semifundoplication (Toupet) for gastro-oesophageal reflux, 830
Oesophageal function testing and antireflux surgery, 1684
Surgical management of gastro-oesophageal reflux disease, 1313

Oesophagus – surgery
Conservative treatment *versus* antireflux surgery in Barrett's oesophagus: long-term results of a prospective study, 274
Emergency transhiatal oesophagectomy for instrumental perforation of an obstructed thoracic oesophagus, 1007
Experimental oesophagogastric anastomosis: preliminary report of a new compression device that also fragments, 1616
Free revascularized jejunal loop repair following total pharyngolaryngectomy for carcinoma of the hypopharynx: report of 90 patients, 1279
Gastric tonometry and drain amylase analysis in the detection of cervical oesophagogastric leakage, 1614
Laparoscopic mobilization of the stomach for oesophageal replacement, 540
Laparoscopic surgery for gastro-oesophageal reflux: beyond the learning curve, 1284
Long-term results of a prospective randomized comparison of total fundic wrap (Nissen-Rossett) or semifundoplication (Toupet) for gastro-oesophageal reflux, 830
No obvious advantages for thoracoscopic two-stage oesophagectomy, 675
Pattern of recurrence after oesophageal resection for cancer: clinical implications, 107
Quality of life following resection of oesophageal carcinoma, 1772
Randomized trial of fibrin glue to seal mechanical oesophagojejunal anastomosis, 40
Selective approach to the treatment of oesophageal cancer, 1473

Oesophagus – traumatic
Emergency transhiatal oesophagectomy for instrumental perforation of an obstructed thoracic oesophagus, 1007

Oesophagus – tumour
Decreased E-cadherin expression is associated with haematogenous recurrence and poor prognosis in patients with squamous cell carcinoma of the oesophagus, 1608
Free revascularized jejunal loop repair following total pharyngolaryngectomy for carcinoma of the hypopharynx: report of 90 patients, 1279
Oesophagogastrectomy for iatrogenic perforation of oesophageal and cardia carcinoma, 1429
Palliation of oesophageal carcinoma using the argon beam coagulator, 1769
Parallel self-expanding covered metal stents in the trachea and oesophagus for the palliation of complex high tracheo-oesophageal fistula, 1767
Pattern of recurrence after oesophageal resection for cancer: clinical implications, 107
Prognostic value of monolayer culture patterning in primary cell culture of oesophageal cancer, 1148
Quality of life following resection of oesophageal carcinoma, 1772
Risk factors for squamous cell carcinoma of the oesophagus, 1174
Selective approach to the treatment of oesophageal cancer, 1473
Use of covered expandable metal stents in the treatment of oesophageal carcinoma and tracheo-oesophageal fistula, 1417

Oncology
Salvage treatment for inoperable neck nodes in head and neck cancer using combined iridium-192 brachytherapy and surgical reconstruction, 1620
Synergistic antitumour effect of recombinant human tumour necrosis factor α with melphalan in isolated perfusion in the rat, 551

Operation
The changing pattern of surgery, 145

Ovary
Laparoscopic oöphorectomy: description and report of an initial series, 986

Oxygen
Assessment of splanchnic tissue oxygenation by gastric tonometry in patients undergoing laparoscopic and open cholecystectomy, 620

Paediatric
A 45-year perspective of congenital diaphragmatic hernia, 1758

Antegrade colonic enemas, 642
Mid-aortic syndrome presenting in childhood, 235
Midgut volvulus in children, 105

Paediatrics
Conjoined twins, 1028
Pancreatitis in childhood associated with villous adenoma of the ampulla of Vater, 1211
Pneumonia presenting with acute abdominal pain in children, 1707
Real and apparent mortality from congenital diaphragmatic hernia, 79

Pain
Pneumonia presenting with acute abdominal pain in children, 1707
Prospective randomized study of a new method of providing postoperative pain relief following femoropopliteal bypass, 1735
Randomized trial of periportal peritoneal bupivacaine for pain relief after laparoscopic cholecystectomy, 1223

Pancreas
Somatostatin in pancreatic disease, 1665

Pancreas – inflammatory
Alterations in intestinal function in acute pancreatitis in an experimental model, 1537
Antibiotic prophylaxis in severe acute pancreatitis, 883
Bradykinin antagonists HOE-140 and CP-0597 diminish microcirculatory injury after ischaemia–reperfusion of the pancreas in rats, 189
Division of the sphincter of Oddi for treatment of dysfunction associated with recurrent pancreatitis, 1205
Early localization of necrosis by contrast-enhanced computed tomography can predict outcome in severe acute pancreatitis, 924
Immune function early in acute pancreatitis, 633
Increased monocyte cytokine production in association with systemic complications in acute pancreatitis, 919
Long-term results of endoscopic stenting and surgical drainage for biliary stricture due to chronic pancreatitis, 764
Pancreatitis in childhood associated with villous adenoma of the ampulla of Vater, 1211
Proinflammatory cytokine release by peripheral blood mononuclear cells from patients with acute pancreatitis, 1071
Proximal pancreatoduodenectomy for chronic pancreatitis, 1433
Serum concentrations of inflammatory mediators related to organ failure in patients with acute pancreatitis, 349
Somatostatin in pancreatic disease, 1665
Spontaneous splenic rupture: a rare complication of acute pancreatitis, 632
Surgical strategy and management of infected pancreatic necrosis, 930

Pancreas – surgery
Completion pancreatectomy for surgical complications after pancreaticoduodenectomy, 176
Delayed pancreatoduodenectomy followed by delayed reconstruction for trauma, 527
Outcome of treatment for distal bile duct cancer, 1712
Quick and simple distal pancreatectomy using the GIA stapler: report of 35 cases, 1711

Pancreas – traumatic
Operative strategies in pancreatic trauma, 934

Pancreas – tumour
Surgery for left-sided pancreatic cancer, 1065
Survival after resection for ductal adenocarcinoma of the pancreas, 625

Parathyroid
Early postoperative plasma calcium concentration as a predictor of the need for calcium supplement after parathyroidectomy, 532
Experimental autotransplantation of the parathyroid gland, 410
Parathyroidectomy in the West Midlands, 823
Technetium-99m sestamibi parathyroid localization is accurate enough for scan-directed unilateral neck exploration, 989
Thoracoscopic parathyroidectomy of an ectopic mediastinal adenoma, 1757
Transient rise in intact parathyroid hormone concentration after surgery for primary hyperparathyroidism, 665

Pelvic pouch
Ambulatory manometric examination in patients with a colonic J pouch and in normal controls, 1744
Carcinoma in an ileoanal pouch after restorative proctocolectomy for familial adenomatous polyposis, 506
Disconnection, pouch revision and reconnection of the ileal pouch–anal anastomosis, 1401
Pouch-related fistula following restorative proctocolectomy, 1574
Prospective randomized controlled study of clinical function and anorectal physiology after low anterior resection: comparison of straight and colonic J pouch anastomoses, 978
Results from pouch salvage, 372
Salvage surgery for ileal pouch outlet obstruction, 368

Pelvis
Total pelvic exenteration for locally advanced colorectal carcinoma, 32

Penis
Reduction of paraphimosis: a technique based on pathophysiology, 1247

Peptic ulcer
High prevalence of *Helicobacter pylori* infection in duodenal ulcer perforations not caused by non-steroidal anti-inflammatory drugs, 1779
Laparoscopic surgery for duodenal ulcer: first results of a multicentre study applying a personal procedure, 547
Risk of further ulcer complications after an episode of peptic ulcer bleeding, 840
Role of endoscopic injection therapy in the treatment of bleeding peptic ulcer, 461

Peritoneum
Coagulation and fibrinolytic responses of human peritoneal fluid and plasma to bacterial peritonitis, 1133
Peritoneal defences and peritoneum-associated lymphoid tissue, 1031
Peritoneal and systemic cytokine response to laparotomy, 347

Pharmacology
Nutritional pharmacology and malignant disease: a therapeutic modality in patients with cancer, 608
Somatostatin in pancreatic disease, 1665

Pilonidal sinus
Pilonidal sinus: experience with the Karydakis flap, 1452

Polyposis
Can we safely delay or avoid prophylactic colectomy in familial adenomatous polyposis?, 769
Carcinoma in an ileoanal pouch after restorative proctocolectomy for familial adenomatous polyposis, 506
Choice of prophylactic surgery for the large bowel component of familial adenomatous polyposis, 885
Desmoids in familial adenomatous polyposis, 1494
Overexpression of p53 in duodenal tumours in patients with familial adenomatous polyposis, 225
Prospective randomized study of sulindac *versus* calcium and calciferol for upper gastrointestinal polyps in familial adenomatous polyposis, 1763
Results after restorative proctocolectomy and ileal pouch–anal anastomosis in patients with familial adenomatous polyposis and coexisting colorectal cancer, 1578
Risk of extracolonic cancer in familial adenomatous polyposis, 1121
Sisters with familial adenomatous polyposis affected with thyroid carcinoma, desmoid tumour and duodenal polyposis, 228

Portal hypertension
Effect of previous sclerotherapy on the outcome of gastro- oesophageal devascularization and oesophageal transection in bleeding oesophageal varices, 1702

Prolapse
Rectal prolapse, 3

Radiology
Value of a weekly surgical x-ray meeting, 394

Radiotherapy
Postoperative mortality in rectal cancer treated with or without preoperative radiotherapy: causes and risk factors, 964
Salvage treatment for inoperable neck nodes in head and neck cancer using combined iridium-192 brachytherapy and surgical reconstruction, 1620

Rectum
Rectal ischaemia following hypovolaemic shock, 508
Rectal prolapse, 3
Surgical management of locally recurrent rectal cancer, 293
Transposition of the anorectum to the abdominal wall, 1739

Rectum – cancer
Colonic pouches in the treatment of low rectal cancer, 881
Molecular genetic basis of colorectal cancer susceptibility, 321
Pathological evidence in support of total mesorectal excision in the management of rectal cancer, 1112
Postoperative mortality in rectal cancer treated with or without preoperative radiotherapy: causes and risk factors, 964
Surgical management of locally recurrent rectal cancer, 293
Treatment of non-disseminated cancer of the lower rectum, 15

Rectum – miscellaneous
Sengstaken tube for bleeding rectal angiodysplasia, 1111

Rectum – surgery
A new way to prevent leakage of glycine during endoscopic transanal resection of rectal lesions, 1467
Anastomotic leakage and functional outcome after anterior resection of the rectum, 60
Anatomical basis of autonomic nerve-preserving total mesorectal excision for rectal cancer, 384

Balloon tamponade for control of massive presacral haemorrhage, 222
Disruption of the internal anal sphincter can occur after transanal stapling, 1400
Failure of the unopened colostomy to protect high-risk anastomoses, 45
Local recurrence following total mesorectal excision for rectal cancer, 375
Mesorectal excision for rectal cancer, 214
Modified technique for double stapling of colorectal anastomosis following low anterior resection, 1110
Perineal excision of the rectum, 366
Prognosis after surgery in patients with incurable rectal cancer: a population-based study, 1116
Prospective analysis of the distal margin of clearance in anterior resection for rectal carcinoma, 969
Prospective study of the proctographic and functional consequences of transanal endoscopic microsurgery, 211
Sphincter function after transanal endoscopic microsurgical excision of rectal tumours, 51
Total anorectal reconstruction results in complete anorectal sensory loss, 57
Total pelvic exenteration for locally advanced colorectal carcinoma, 32
Transanal endoscopic microsurgery – initial experience from three centres in the United Kingdom, 207

Rectum – tumour
Anal transitional zone and columnar cuff in restorative proctocolectomy, 1047
Arterial therapy of hepatic colorectal metastases, 447

Brush cytology for the diagnosis of rectal carcinoma, 1456
Laser Doppler blood flow measurement in rectal resection for carcinoma – comparison between the straight and colonic J pouch reconstruction, 389
Local recurrence following total mesorectal excision for rectal cancer, 375
Mesorectal excision for rectal cancer, 214
Prognosis after surgery in patients with incurable rectal cancer: a population-based study, 1116
Prognostic significance of radial margins of clearance in rectal cancer, 781
Prospective analysis of the distal margin of clearance in anterior resection for rectal carcinoma, 969
Total pelvic exenteration for locally advanced colorectal carcinoma, 32

Recurrence
Endocrine and paracrine hormones in the promotion, 1037

Reflux
Conservative treatment *versus* antireflux surgery in Barrett's oesophagus: long-term results of a prospective study, 274
Conversion operation for alkaline reflux after total gastrectomy and Schloffer reconstruction, 270
Laparoscopic surgery for gastro-oesophageal reflux: beyond the learning curve, 1284
Surgical management of gastro-oesophageal reflux disease, 1313

Renal
Renal ischaemia–reperfusion injury, 162

Reperfusion
Renal ischaemia–reperfusion injury, 162

Salivary gland
Clinical significance of the tumour capsule in the treatment of parotid pleomorphic adenomas, 1747
Long-term follow-up of over 1000 patients with salivary gland tumours treated in a single centre, 1750

Sarcoma
Management of soft tissue sarcoma, 577

Screening
Diagnostic role of cytology in screen-detected breast cancer, 816
Screening for colorectal cancer with an immunological faecal occult blood test: 2-year follow-up, 500

Sepsis
Anabolic and cardiovascular effects of recombinant human growth hormone in surgical patients with sepsis, 196
Correlation between Acute Physiology and Chronic Health Evaluation (APACHE) III score and immunological parameters in critically ill patients with sepsis, 396
Gut barrier function in the surgical patient, 1668
Intestinal barrier dysfunction in clinical and experimental obstructive jaundice and its reversal by internal biliary drainage, 1345
Laparotomy for abdominal sepsis in the critically ill, 535
Randomized study of antibiotic prophylaxis for general and gynaecological surgery from a single centre in rural Africa, 356
Removal of circulating cytokines by continuous haemofiltration in patients with systemic inflammatory reponse syndrome or multiple organ dysfunction syndrome, 393
Sepsis and fat metabolism, 1186
Severe complications of perianal sepsis in patients with human immunodeficiency virus, 778

Shock
Rectal ischaemia following hypovolaemic shock, 508

Sinus
Pitfalls in the management of periauricular sinuses, 1722

Skin
Abnormal suntanning following transthoracic endoscopic sympathectomy, 1782

Small bowel – inflammatory
Intestinal glycosaminoglycans in neonatal necrotizing enterocolitis, 415

Small bowel – miscellaneous
Effect of terminal ileal transposition on intestinal absorption following proctocolectomy, 486
Midgut volvulus in children, 105
Randomized trial of fibrin tissue glue for low output enterocutaneous fistula, 112
Small intestinal myoelectrical activity and bacterial flora after Roux-en-Y reconstruction, 1271

Spleen
Fc-receptor function after human splenic autotransplantation, 543
Impact of splenectomy on circulating immunoglobulin levels and the development of postoperative infection following total gastrectomy for gastric cancer, 1776
Spontaneous splenic rupture: a rare complication of acute pancreatitis, 632
Technique of laparoscopic splenectomy with a powered vascular linear stapler, 1212
Wandering spleen: a rare emergency condition, 50

Stapling
Stapling instruments for intestinal anastomosis in colorectal surgery, 902

Stent
Iliac arteriovenous fistula following lumbar disc surgery treated by percutaneous endoluminal stent grafting, 796
Parallel self-expanding covered metal stents in the trachea and oesophagus for the palliation of complex high tracheo-oesophageal fistula, 1767

Stoma
A better bridge for loop stomas, 365
Biomechanical stabilization of the nipple valve in continent ileostomy, 1582
Colonic parastomal hernia repair by translocation without formal laparotomy, 981
Effect of different infusion regimens on colonic motility and efficacy of colostomy irrigation, 1459
Failure of the unopened colostomy to protect high-risk anastomoses, 45
Loop end colostomy: a new technique, 811
Resection of an end-colostomy stricture with a circular stapling device, 1581
Subcutaneous bridge support for defunctioning loop colostomy, 1458

Stomach – malignant
Prognostic significance and surgical management of lymph node metastasis in gastric cancer, 156
Strategies to decrease the incidence of intra-abdominal recurrence in resectable gastric cancer, 726

Stomach – surgery
Conversion operation for alkaline reflux after total gastrectomy and Schloffer reconstruction, 270
D_2 gastrectomy: lessons from a prospective audit of the learning curve, 1595
Food intake after gastrectomy for gastric carcinoma: the role of a gastric reservoir, 1138
Laparoscopic mobilization of the stomach for oesophageal replacement, 540
Laparoscopic surgery for duodenal ulcer: first results of a multicentre study applying a personal procedure, 547
Limited operation for gastric cancer in the elderly, 836
Postoperative evaluation of pylorus-preserving gastrectomy for early gastric cancer, 266
Simple and reliable technique for local resection of early gastric cancer, 413
Small intestinal myoelectrical activity and bacterial flora after Roux-en-Y reconstruction, 1271

Stomach – tumour
Accuracy of laparoscopic ultrasonography in the staging of upper gastrointestinal malignancy, 1424
D_2 gastrectomy: lessons from a prospective audit of the learning curve, 1595
Food intake after gastrectomy for gastric carcinoma: the role of a gastric reservoir, 1138
Impact of splenectomy on circulating immunoglobulin levels and the development of postoperative infection following total gastrectomy for gastric cancer, 1776
Limited operation for gastric cancer in the elderly, 836
Management of intestinal obstruction after gastrectomy for carcinoma, 113
Postoperative evaluation of pylorus-preserving gastrectomy for early gastric cancer, 266
Prognostic significance of lymph node dissection in gastric cancer, 1604
Prognostic significance of lymph node metastasis in advanced carcinoma of the

stomach, 1600
Prognostic value of positive cytology findings from abdominal washings in patients with gastric cancer, 672
Prospective comparison of laparoscopy, ultrasonography and computed tomography in the staging of gastric cancer, 1260
Radical lymphadenectomy in the management of early gastric cancer, 1421
Simple and reliable technique for local resection of early gastric cancer, 413

Surgical education
The future of surgical journals in the electronic publishing era, 289

Surgical technique
Anal transitional zone and columnar cuff in restorative proctocolectomy, 1047
Laparoscopic adrenal surgery, 721
Laparoscopic appendicectomy, 1169
Laparoscopic inguinal hernia repair, 1197
New technique for subcuticular suture in lengthy wounds, 66
Role of the Shouldice technique in inguinal hernia repair: a systematic review of controlled trials and a meta-analysis, 734
Saphenous vein stripping and quality of outcome, 1025
Stapling instruments for intestinal anastomosis in colorectal surgery, 902
Technique of hepatectomy, 1490
Telepresence surgery, 433

Surgical training
Telepresence surgery, 433
The future of surgical journals in the electronic publishing era, 289

Suture
New technique for subcuticular suture in lengthy wounds, 66

Sympathectomy
Abnormal suntanning following transthoracic endoscopic sympathectomy, 1782

Thoracic
Thoracic outlet syndromes, 435

Thoracic outl
Thoracic outlet syndromes, 435

Thoracoscopy
Thoracoscopic implantation of an epicardial pacemaker, 400
Thoracoscopic parathyroidectomy of an ectopic mediastinal adenoma, 1757

Thrombolytic therapy
Thrombolysis for acute deep vein thrombosis, 580

Thyroid
Magnetic resonance imaging of thyroid swellings, 828
Papillary microcarcinoma of the thyroid gland, 1674
Prevention of voice change in singers undergoing thyroidectomy by using a nerve stimulator to identify the external laryngeal nerve, 1131
Problems in diagnosis and management of goitre in childhood and adolescence, 1586

Transplantation – kidney
Kidney retrieval from asystolic donors using an intra-aortic balloon catheter, 962
Renal transplantation from non-heart-beating donors, 147

Transplantation – liver
Donor arterial variations in liver transplantation: management and outcome of 527 consectuve grafts, 637
Intra-abdominal Sengstaken–Blakemore tube placement for acute venous outflow obstruction in reduced-size liver transplantation, 1086
Successful use of size-mismatched liver allografts in children by delayed primary closure of the abdominal wall, 1530

Transplantation – pancreas
Influence of different collagenase solvents and timing of their delivery on porcine islet isolation, 1350

Transplantation – renal
Early measurement of interstitial fibrosis predicts long-term renal function and graft survival in renal transplantation, 1082
Simultaneous aortorenal homograft transplantation: expanding the indications for renal and vascular replacement, 918
Subrectus pouch for renal transplantation, 419

Trauma
Abdominal wounds in war, 1505
Delayed pancreatoduodenectomy followed by delayed reconstruction for trauma, 527
Diaphragmatic herniation after penetrating trauma, 88
Iron status following trauma, exluding burns, 982
Management options in vertebral artery injuries, 83
Open diagnostic peritoneal lavage, 87
Prediction of the risk of death by APACHE II scoring in critically ill trauma patients without head injury, 1123
Role of the general surgeon in a British trauma centre, 1248
Sequential systemic platelet-activating factor and interleukin 8 primes neutrophils in patients with trauma at risk of multiple organ failure, 1407
Vascular complications of injecting drug misuse, 1329

Tropical diseases
Cholangiocarcinoma in patients with opisthorchiasis, 1062
Predeposit autologous blood transfusion in a tropical surgical practice, 1158

Tumour
Port-site metastases in patients undergoing laparoscopy for gastrointestinal malignancy, 1419
Wound metastases following laparoscopic and open surgery for abdominal cancer in a rat model, 1087

Tumour – marker
Overexpression of p53 in duodenal tumours in patients with familial adenomatous polyposis, 225

Ultrasonography
Conservative management of infective mastitis and breast abscesses after ultrasonographic assessment, 1413
Ultrasonographic carotid plaque morphology in predicting stroke risk, 582

Ultrasound
Colour-coded duplex imaging can safely replace diagnostic arteriography in patients with lower-limb arterial disease, 1725
Comparison of venous reflux in the affected and non-affected leg in patients with unilateral venous ulceration, 513
Diagnosis of arterial disease of the lower extremities with duplex ultrasonography, 404
Disruption of the internal anal sphincter can occur after transanal stapling, 1400
Laparoscopic ultrasonography during cholecystectomy, 1512
Prognostic value of negative intraoperative ultrasonography in primary colorectal cancer, 1741
Ultrasonographically guided excisional biopsy of non-palpable breast lesions, 103

Varices
Effect of previous sclerotherapy on the outcome of gastro-oesophageal devascularization and oesophageal transection in bleeding oesophageal varices, 1702

Varicose veins
Endoscopic subfascial division of incompetent perforating calf veins, 1105
Medicolegal action following treatment for varicose veins, 291
Prospective randomized trial comparing sequential avulsion with stripping of the long saphenous vein, 1559
Saphenous vein stripping and quality of outcome, 1025
The venous perforator, 1492
Videoscopic subfascial incompetent perforator vein ablation, 1552

Vascular disease
Vascular complications of injecting drug misuse, 1329

Vascular surgery
Amputation rates as a measure of vascular surgical results, 241
Compartment haematoma complicating closed fasciotomy, 950
General surgery with a special interest in vascular surgery: changing patterns of workload, 1364
Medicolegal action following treatment for varicose veins, 291
Prospective audit of discharge summary errors, 788

Vein
Medicolegal action following treatment for varicose veins, 291
The venous perforator, 1492
Vein morphology and bypass graft stenosis, 1375

Venous
Phlegmasia caerulea dolens and venous gangrene, 19

Venous access
Prospective study of the aetiology of infusion phlebitis and line failure during peripheral parenteral nutrition, 1091

Venous thromboembolism
Comparison of the cost of preventing postoperative deep vein thrombosis with either unfractionated or low molecular weight heparin, 1548
Knee-length *versus* thigh-length graduated compression stockings in the prevention of deep vein thrombosis, 1553
Postoperative thromboembolism after day-case herniorrhaphy, 420
Still missing the boat with fatal pulmonary embolism, 1394

Venous thrombosis
Phlegmasia caerulea dolens and venous gangrene, 19
Thrombolysis for acute deep vein thrombosis, 580

Venous ulcer
Colour duplex ultrasonography in the rational management of chronic venous leg ulcers, 1380
Comparison of venous reflux in the affected and non-affected leg in patients with unilateral venous ulceration, 513
Relation between aetiology and treatment of leg ulcers, 249
The prevalence of chronic lower-limb ulceration has been underestimated: results of a validated population questionnaire, 255

Wound
Abdominal wounds in war, 1505
Randomized study of antibiotic prophylaxis for general and gynaecological surgery from a single centre in rural Africa, 356

Wound closure
Randomized trial of blunt-tipped *versus* cutting needles to reduce glove puncture during mass closure of the abdomen, 1156

Wound healing
Complete prevention of impaired anastomotic healing in diabetic rats requires preoperative blood glucose control, 1717
Effect of injection of triamcinolone on type 1 procollagen and fibronectin in scar tissue, 1136
Reduced collagen accumulation after major surgery, 1591
